

FACT SHEET

Who We Are

NN, Inc., is a diversified industrial company that combines advanced engineering and production capabilities with in-depth materials science expertise to design and manufacture high-precision components and assemblies for a variety of markets globally. Headquartered in Charlotte, North Carolina, NN has 51 facilities in North America, Western Europe, Eastern Europe, South America and China.

Our Mission

Our mission is to provide high-quality products and superior customer service that continuously exceed our customers' expectations while providing enhanced value for our stakeholders.

Our Businesses

LIFE SCIENCES

NN Life Sciences designs and manufactures implants, surgical instrumentation, single-use disposable devices and assemblies globally.

MOBILE SOLUTIONS

NN Mobile Solutions serves CAFE automotive and industrial markets worldwide. Our capabilities include precision turning, gear manufacturing, sub-assembly and laser welding.

POWER SOLUTIONS

The Power Solutions group designs and manufactures a broad range of high precision metal and plastic components, assemblies and finished products. NN Power Solutions serves several markets, including power distribution, military and aerospace, automotive, circuit protection and power transmission.
